

## Manioc (cassava)

### Name

Name : Manioc (cassava)

French name : Manioc

### Source

Organe : root

Sample Origin : Roquette Frères, Lestrem, France

### Morphology

Size <10 µm & 10-50 µm

Shape : hemispherical

### Structure

Allomorph : A

Fraction of allomorph A : 100%

### Composition

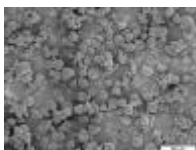

Fraction of amylose : 17%

Fraction of amylopectin : 83%

Waxy : no
